This guide is designed to help you with planning your major in International Studies. It is divided into two sections. The first contains useful announcements regarding registration. The second explains the courses available in Fall 2017 that fulfill core requirements for the IS major as well as the individual specializations.

ANNOUNCEMENTS

Individual Advising

If you would like registration advice, please schedule a meeting with your assigned advisor or Professor Toloudis. Prior to the meeting:
- run your PAWS Academic Requirements report,
- look at the requirements in the Undergraduate Bulletin (http://www.tcnj.edu/~bulletin/current/International_Studies.pdf), and
- write a draft schedule for the semester.

Consider asking questions about issues beyond the semester, such as study abroad or plans after graduation. For guidance on how to prepare better for your advisement session and plan your academic career, see the “Advising” links on the School of Humanities & Social Sciences website: http://hss.pages.tcnj.edu/advising-resources/

If a course is full or reserved for majors, please ask the instructor if you can have permission to enroll. If you continue to have problems, please contact Professor Toloudis.

Academic Holds

If you have an advising hold on your PAWS account, please make an appointment with Professor Toloudis well ahead of your registration date.

Overloading

The standard semester academic load at TCNJ is 4 units per semester. If you wish to take more than 4.5 units, you may do so only once, have a minimum of a 3.3 GPA, have been at TCNJ for at least a full academic semester, and have obtained permission from Professor Toloudis and the Assistant Dean of Humanities and Social Sciences.

The exception to this rule is if you are enrolled in an Intensive Language. If you are in an intensive section of Arabic, Chinese, Japanese, or Russian, and are not a
first-semester Freshman, you may request to take a fifth course. This must be approved by Professor Toloudis and the Assistant Dean.

A Note about Business Courses

Please take your upper level economics/international business course in the semester immediately after you take ECO 102: Macroeconomics. Since better mathematical skills improve student performance in economics courses, ECO 102 requires one of the following as a prerequisite: MAT 95, 96, 125, 127 or 128.

Study Abroad

A reminder that all International Studies majors are required to study abroad for a minimum of one academic semester. It is essential that you plan this in advance, in order to ensure that you are taking the correct courses and select a study abroad program that is well suited to your studies.

The deadline for Fall 2017 study abroad application is February 23, 2017. If you still wish to apply for Spring 2018, please contact the Center for Global Engagement immediately.

Please ask early for letters of recommendation. Professor Toloudis can assist with filling out your Academic Evaluation form – please bring printed descriptions of the course you want to take while abroad.

Languages Across the Curriculum

Many courses on this list can be complimented with Languages Across the Curriculum credit. This is a one-quarter unit independent study whereby those students who have intermediate level proficiency in another language complement work in a course by utilizing their language skills. Students must enroll before the add/drop deadline. Please visit the LAC website at http://internationalstudies.pages.tcnj.edu/student-resources/languages/ or contact Dr. Compte for more information (dcompte@tcnj.edu).

Summer Term Courses

The following courses fulfill various requirements for International Studies majors and are being offered in the upcoming Summer Term. If you are interested, please contact the instructor or Dr. Toloudis to learn more.

Before enrolling, be sure to confirm on PAWS that the course fulfills a requirement for your specialization.

Requirements for the Major

Twelve total course units are required for the International Studies major. Each student completes five courses as part of the major core and seven courses in an area of specialization. The courses for the specializations are drawn from across the Humanities and Social Sciences as well as the School of Business. Only one course at the 100-level may be counted toward a specialization.

The Major’s Core Requirements include:

- INT 200: International Studies – Processes, Themes, and Issues
- ECO 102: Principles of Macroeconomics
- INT 498: Senior Seminar
  2 units of a Foreign Language at the 200-level or above, relevant to the chosen specialization

The Specialization Options include:

- Diplomacy
- International Trade and Economics
- Global Health, Development, and Environment
- Asian Studies
- African Studies
- Chinese Studies
- European Studies
Study abroad is an important component of the major. Students are required to demonstrate at least one semester of successful academic achievement in a foreign university relevant to their field of study. A full year of study abroad is encouraged. Successful study abroad is defined as passing at least three classes for a minimum of 2.25 TCNJ units. Please consult your International Studies advisor and the Center for Global Engagement for the most suitable site and program.

**Program Entrance, Retention, and Exit Standards**

Every major program at the College has set standards for allowing students to remain in that program, to transfer within the College from one program to another, and to graduate from a program. The following are the standards for international studies:

- Retention in the program is based on the following performance standards in these “critical content courses”: a grade of B- in a 200-level language course and in INT 200 International Studies: Processes, Themes, Issues.

- Transfer into the program from another program within the College is based upon the following performance standards in this “foundation course”: a grade of B- in the first language course taken.

- Graduation requires a GPA of 2.0 in courses for the program and a minimum grade of B- in a 200-level language course and in INT 200 International Studies: Processes, Themes, Issues.

**Suggested Four-Year Sequence for International Studies Majors**

The following sequence is a suggestion only; students should craft a schedule to best meet their own needs. Note that “double counting” rules and the nine general elective courses allow students to pursue a second major and/or minors.
