

ADVISING NEWSLETTER

REGISTRATION FOR SPRING 2019

Dr. Matthew Bender, SSB 214, bender@tcnj.edu

This guide is designed to help you with planning your major in International Studies. It is divided into two sections. The first contains useful announcements regarding registration. The second explains the courses available in Spring 2019 that fulfill core requirements for the INT major as well as the individual specializations.

ANNOUNCEMENTS

NEW INT COURSE!

This spring, Dr. Bender will pilot a new research seminar for International Studies majors. INT 390 will focus on the theme of Colonialism. The course will examine “Colonialism” as a concept, theories of colonialism and imperialism, examples of colonial rule in the 19th and 20th centuries (drawn from the Americas, Africa, and Asia), and neo-colonialism. This course will fulfill the Social Science Option for any INT specialization, and it can also count as a Elective. It is great preparation for the Senior Capstone Seminar! If you are a sophomore, junior, or senior, please consider this course!

INT 390 Research Seminar (Colonialism) Dr. Bender, Monday 5:30 – 8:20

INDIVIDUAL ADVISING

If you would like registration advice, please schedule a meeting with your assigned advisor or Professor Bender. Prior to the meeting:

- run your PAWS Academic Requirements report,
- look at the requirements in the Undergraduate Bulletin (http://www.tcnj.edu/~bulletin/current/International_Studies.pdf), and
- write a draft schedule for the semester.

Consider asking questions about issues beyond the semester, such as study abroad or plans after graduation. For guidance on how to prepare better for your advisement session and plan your academic career, see the “Advising” links on the School of Humanities & Social Sciences website: <http://hss.pages.tcnj.edu/advising-resources/>

If a course is full or reserved for majors, please ask the instructor if you can have permission to enroll. If you continue to have problems, please contact Professor Bender.

ACADEMIC HOLDS

If you have an advising hold on your PAWS account, please make an appointment with Professor Bender well ahead of your registration date.

OVERLOADING

The standard semester academic load at TCNJ is 4 units per semester. If you wish to take more than 4.5 units, you may do so only once, have a minimum of a 3.3 GPA, have been at TCNJ for at least a full academic semester, and have obtained permission from Professor Bender and the Assistant Dean of Humanities and Social Sciences.

The exception to this rule is if you are enrolled in an Intensive Language. If you are in an intensive section of Arabic, Chinese, Japanese, or Russian, and are not a first-semester Freshman, you may request to take a fifth course. This must be approved by Professor Bender and the Assistant Dean.

A NOTE ABOUT BUSINESS COURSES

Please take your upper level economics/international business course in the semester immediately after you take ECO 102: Macroeconomics. Since better mathematical skills improve student performance in economics courses, ECO 102 requires one of the following as a prerequisite: MAT 95, 96, 125, 127 or 128.

SPECIALIZATIONS

All International Studies majors need to choose a specialization for their major. If you do not have a specialization listed in PAWS, you need to fill out a Specialization Declaration Form. These are available outside SSB 219. Please fill one out and hand it in to Dr. Bender. If you have any questions about which specialization to choose, please set up a meeting with your advisor.

STUDY ABROAD

A reminder that all International Studies majors are required to study abroad for **a minimum of one academic semester (and you must pass at least 3 units)**. It is essential that you plan this in advance, in order to ensure that you are taking the correct courses and select a study abroad program that is well suited to your studies.

In planning your study abroad experience, be sure to consider programs/countries that complement your overall program of study. If you are studying French, for example, consider sites where you can work on your language skills. If you are interested in international development, consider programs that have a special strength in this area. Avoid selecting a study abroad program just because you really want to visit a country. Think of how your choice fits within your broader program of study.

Please ask early for letters of recommendation. Professor Bender can assist with filling out your Academic Evaluation form – please bring printed descriptions of the course you want to take while abroad.

LANGUAGES ACROSS THE CURRICULUM

Many courses on this list can be complemented with Languages Across the Curriculum credit. This is a one-quarter unit independent study whereby those students who have intermediate level proficiency in another language complement work in a course by utilizing their language skills. Students must enroll before the add/drop deadline. Please visit the LAC website at <http://internationalstudies.pages.tcnj.edu/student-resources/languages/> or contact Dr. Compte for more information (dcompte@tcnj.edu).

REQUIREMENTS FOR THE MAJOR

Twelve total course units are required for the International Studies major. Each student completes five courses as part of the major core and seven courses in an area of specialization. The courses for the specializations are drawn from across the Humanities and Social Sciences as well as the School of Business. **Only one course at the 100-level may be counted toward a specialization.**

The Major's Core Requirements include:

INT 200: International Studies – Processes, Themes, and Issues

ECO 102: Principles of Macroeconomics

INT 498: Senior Seminar

2 units of a Foreign Language at the 200-level or above, relevant to the chosen specialization

The Specialization Options include:

Diplomacy

International Trade and Economics

Global Health, Development, and Environment

Asian Studies

African Studies

Chinese Studies

European Studies

Latin American and Caribbean Studies

Middle Eastern Studies

Study abroad is an important component of the major. Students are required to demonstrate at least one semester of successful academic achievement in a foreign university relevant to their field of study. A full year of study abroad is encouraged. Successful study abroad is defined as passing at least three classes for a minimum of 2.25 TCNJ units. Please consult your International Studies advisor and the [Center for Global Engagement](#) for the most suitable site and program.
